

# Biodynamic Field Day

Bay of Plenty

## An Introduction to Biodynamics

**On: Wednesday, 22 February 10 am – 3.30 pm**

**At: Della Woods & Kevin Langford's avocado and berry orchard, Okinohi Road,  
Te Puna**

Gill and Peter Bacchus will give short introduction to biodynamics, as a system that can be used to improve soil, plant and animal health and sustainability and quality of produce, followed by discussion of growing issues of those present

Peter Bacchus will talk about pest management using observation and biodynamics

We will make a cow-pat-pit and a cow manure heap and insert biodynamic preparations into them
